

\$ 1200

ENGINEERED FOR THE PROFESSIONAL TRADE

The S 1200 is perfect for those looking for a compact pressure washer with big flow and reliability. This machine delivers 1200 PSI @ 2.3 GPM from a robust GENERAL Pump, powered by a durable 120 VAC Motor. All the features of big machines are found in this compact, easy-to-carry design, including adjustable pressure, vibration-absorbing footpads, quick-connect nozzles, and a GFCI-protected power cord. This model is perfect for indoor and outdoor cleaning jobs.

Key Features:

- Direct Drive Engine and Pump System
- 120 VAC Powered Motor
- GENERAL™ triplex plunger pump
- High Pressure Relief Valve & Thermal Relief Valve included for Operator Safety
- Heavy-Duty Spray Gun & Wand
- 25-feet of Abrasion Resistant Non-Marring High Pressure Hose
- Heavy Duty Steel Frame
- Brass and Steel Pump Head
- Adjustable Pressure Control Knob
- Includes 4 Quick Connect Nozzles - 15°, 25°, 40°, and Chemical Application
