

TM2200

TASKMASTER

The TASKMASTER is perfect for those looking for maximum cleaning power with minimal investment. This machine was created for frequent use around homes and businesses. This compact model makes quick work of cleaning tasks and is built with a reliable gasoline-powered engine and a SIMPSON® Axial Pump.

Compact in design, it is small enough to be easily moved and operated by one person.

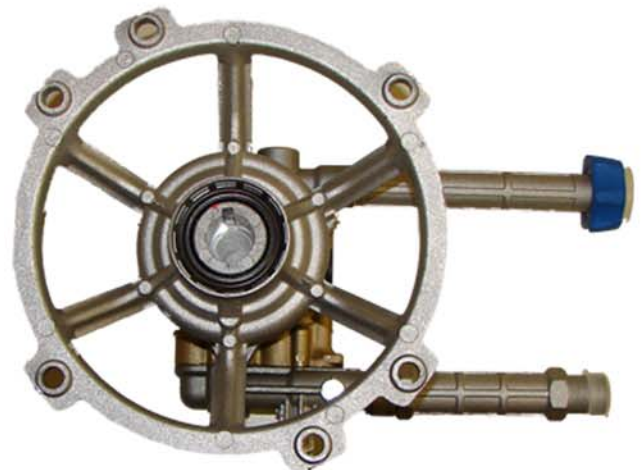

Key Features:

- Robust SIMPSON® Axial Pump
- BRIGGS & STRATTON Engine
- 25' High Pressure Hose Included
- Two-Piece Gun & Wand Included
- Variable Nozzle Wand allows you to change the water pattern from a tight jet out to a broad gentle fan-spray
- Detergent Siphon Hose draws soap into the water downstream of the pump, keeping your pump free from detergent build-up.
- Heavy Duty Powder-Coated Steel Frame
- Premium Treaded Tires on Steel Wheels
- Compact size makes this model easy to maneuver around your work area and store it anywhere in your garage or facility.
